As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

Sunpal 100kW/215kWh outdoor battery storage system offers reliable solar backup, peak shaving, and EV charging support with smart BMS and remote control.

Liquid-cooled 100kW 232kWh lithium battery ESS Integrated Solar Power Cabinet, an advanced high-voltage energy storage solution designed for industrial and commercial applications.

The HighJoule 100KWh Outdoor Cabinet Series supports RS485, CAN, Ethernet, and Modbus protocols for real-time data transmission. The integrated EMS platform allows for remote monitoring and operation, enabling ...

It is suitable for microgrid scenarios such as small-scale commercial and industrial energy storage, photovoltaic diesel storage, and photovoltaic storage and charging.

The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications.

Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, intelligent EMS/BMS, and fire/environmental control--all ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

Integrating the battery system, AC/DC bidirectional inverter, EMS, and intelligent temperature control, it

100kW photovoltaic integrated energy storage cabinet for emergency command

operates independently or in connection with the grid. It supports applications such as peak load ...

Energy Cube 50kW-100kWh C& i ESS integrates photovoltaic inverters and a 100 kWh energy storage system. It includes battery cells, Battery Management System (BMS), photovoltaic inverters, fire protection system, ...
