Our base station cabinets can directly power nearly any communication equipment they house. The design of our racks and cabinets allow for high integration with different backup time and easy ...

They feature power supply, distribution, and protection equipment as well as radio systems and passive or active cooling. Contact us today to learn about all the options and to find a solution that is right for ...

Alpha provides a full line of power products including: standby, non-standby and uninterruptible power supplies, surge suppressors, enclosures, batteries and powering accessories.

Robust Industrial Cabinet with 120kW High Precision Switching Power Supply for Testing DC Power

Our power supply enclosures offer efficient power processing & synchronous rectification, ensuring cool operating temperatures & longer runtime. See more!

This heavy-duty enclosure securely houses a Stand By Power Supply and three (3) batteries along with equipment and cable required for fiber optic conversion and/or distribution.

With integrated North American manufacturing facilities and in-house engineering expertise, we can quickly customize our cabinets and enclosures to precisely meet the needs of your specific network architecture ...

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

LongXing outdoor power cabinet provides flexible size options, offers the ideal enclosure solution to build the whole base station inside.

The Alpha's NPS Enclosure node power supply cabinet is an integrated CableUPS system for

120kW communication power supply cabinet for transmission nodes

use in Multi Dwelling Units (MDU), business parks, node segmentation, and plant extension applications.
