While many BESS suppliers are delivering solutions in (or using) ISO containers, we do more. Because our team is experienced with a variety of structural concepts, we design for your specific application.

Customize your energy storage solutions with our efficient and sustainable ESS containers. Optimize your energy management for a brighter, more sustainable future.

Sano Energy has completed the shipment of 80 liquid-cooled battery energy storage containers to the United States, supporting a 40MW/401.28MWh utility-scale energy storage project in California.

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and increase ...

Our Energy Storage Station Containers, available in 20-foot and 40-foot sizes, are engineered to house and protect critical energy storage systems.

At Highjoule, we specialize in designing and manufacturing customized solar and energy storage solutions to meet diverse energy demands -- from grid-tied urban systems to remote off-grid ...

Our commitment to quality and innovation ensures that our energy storage containers not only meet but exceed industry standards, providing our clients with the peace of mind they need in today's energy ...

Our expertise in containerized solutions ensures that clients receive a reliable, safe, and customizable foundation for their energy storage projects. For inquiries or to discuss a customized ...

Designed and certified to meet global safety and grid standards, Wenergy BESS ensures high energy efficiency, long cycle life, and reliable performance for large-scale energy storage applications, with ...

Custom Waterproof Energy Storage Containers for the USA

GTI Fabrication is a leader in modular containerized solutions. Our modular structures are customized to specifications, suited to a wide range of industries.
