-----

The Ram is full size and can sit six people, Rams sell for a few thousand dollars cheaper, and from what I have read they both get the same fuel economy. Most importantly is the Ram's ...

Expect a starting price of \$70,000 to \$75,000 and an estimated range of 690 miles. At a technical presentation this morning Ram CEO Tim Kuniskis said that the 2026 Ram 1500 ...

From caranddriver : The 2025 Ram 1500 Ramcharger is the brand's first plug-in-hybrid full-size pickup truck. It shares a platform with the electric Ram 1500 REV. A 70.8-kWh battery ...

I have a 2022 Dodge Ram 1500 with an eTorque system. About 2 months ago the truck battery light came on and within an hour the entire vehicle shut down...

Soooo.. been battling the highway shimmy for a year now. New shocks - nope. Rebuilt the rear end - nope. Wheel bearings - nope. Upper control arms, nope. Lower ball joint - nope. Fixed ...

Ram isn't producing any more 1500's without etorque so if a buyer wants to avoid the system they'll have to buy another brand. I get it, having something fail on a new vehicle sucks.

Not sure if this has been posted before but on newer RAM 1500s, (I couldn't find a quick reference so I am putting it up here) there is something all truck owners should know. If you do any ...

The All-New Ram 1500 REV offers More Range, Towing and Payload than any Electric Pickup Truck in its Class 5 and is set to be a game changer in the world ...

The truck has two electric drive modules (EDM) - 335-horsepower (250-kilowatt) front and 319-hp (238-kW) rear. The Ram can automatically disconnect the front wheels so that they can ...

Ram eTorque's 48-volt system keeps the vehicle's battery charged, helps to quickly shut off and then restart

## Dodge ram hybrid pickup truck

the vehicle motor during the use of an Automatic Start/Stop system, and acts as ...

Boasting a range-defying battery and a robust V-6 engine, the new 2025 Ram 1500 hybrid delivers all the power you need for commutes, work ...

Regards, Dusty 2019 Ram 1500 Billet Silver Laramie Quad Cab 2WD, 5.7 Hemi, 8HP75, 3.21 axle, 33-gallon fuel tank, 18" wheels. Build Date: 3 June 2018. Now at 111770 miles. Click to ...
