Building on CNT's current 4G network, the deployment includes 188 5G sites in Guayaquil, the largest city in Ecuador, and other regions as Samborond#243;n, Daule, Dur#225;n, Manta, Portoviejo, Salinas, and ...

The country has set an ambitious goal of deploying over 500,000 5G base stations by 2025, a target driven by telecom giants like Reliance Jio and Bharti Airtel.

The deployment will begin in Quito and Guayaquil, reaching national coverage by mid-2026.

Our new 5G mobile network will offer faster, more stable and secure connectivity across the country without raising our commercial prices.
