With German Offgrid Power, you benefit from the solar power plant regardless of infrastructural restrictions. And bring the power exactly where it is needed. Above all, one of the decisive factors for our product portfolio is: ...

The off-grid version consists of a Solarfold container which, in conjunction with a suitable additional storage container, is not connected to the public power grid and functions completely autonomously.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading ...

In this column, we would like to introduce a new business model (internationally patented) of mobile (container-type) Photovoltaic systems that our German partner, Sun2Fold, has started to market.

Solarfold amortises very quickly, whether operating in Italy, northern Germany or in Austria; and guarantees ideal energy yields - whatever the weather. It's an investment that pays off very quickly in the short-term, ...

Der Mobil-Grid ist eine schnelle und effiziente Lösung, die dem Plug & Play-Ansatz folgt und eine nahtlose Stromversorgung für Baustellen, Feldlager oder Events mit hohem Energiebedarf bietet.

Autarke Stromversorgung mit Photovoltaik und Windenergie. Das Hauptpotential unserer IPS (=Independent Power Solution) liegt in den Entwicklungs- und Schwellenländern Asiens, und Südamerikas, vor allem aber ...

Ob trockener Wüstenstaub, tropischer Regenwald oder eiskalte Polarlandschaft: Das Mobile Power System hat unterschiedlichen Umwelteinwirkungen stand. Es harmoniert mit unterschiedlichsten Versorgungsstrukturen und ...

German Off-Grid Solar Container Wind-Resistant Type

Designed to minimize the impact on the environment and available from 5,5 kW (one 12 panels unit) to several MW, our revolutionary high quality and high wind-resistant solution allows Sunstream to transport ...

It is designed for RVs, campers, and other off-grid applications, offering a daily output of around 800Wh under optimal sun. The frame is corrosion-resistant, built to withstand wind and snow loads, and ...
