-----  
Which solar generator is right for You?

Whether you want something compact for camping or a larger unit for emergency home backup, these solar generators deliver the goods. The Jackery Solar Generator 2000 Plus is a fast-charging portable power station that can be bundled with SolarSaga 200W panels for recharging off-grid.

What is the best solar generator for home backup in 2025?

1. Best Overall Option: Jackery HomePower 3000  
Key Details: If you're looking for the most well-rounded solar generator for home backup in 2025, the Jackery HomePower 3000 stands out as our top pick. It delivers a robust 3,600W of continuous power (with a 7,200W surge), backed by a durable 3,072Wh LiFePO4 battery that's rated for 4,000+ cycles.

Can a solar generator power any device?

To find out if a solar generator will be able to power any given device, you'll need to know how much power the device draws and how much power the solar generator can push out. If a solar generator, say the Bluetti AC200P, has an output of 2,000 watts, it can push that amount of power continuously.

Are solar generators a good source of backup power?

Solar generators are a dependable source of backup power, but getting the most out of them requires a little planning. Whether you're preparing for weather-related outages or grid instability, following a few smart practices can make a big difference in how long your power lasts.
