"Free" solar works best if your main goal is helping the environment and getting steady energy costs. It's not the best choice if you want to save the most money possible.

There's no such thing as free solar panels or free government solar programs. Most "free" offers are actually leases, power purchase agreements, loans or scams.

The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. However, the federal government does ...

While the idea of free solar panels is appealing, the reality is more complex. This guide explains why solar panels aren't truly free, how financing options can make them affordable, and how ...

Discover how solar leases and PPAs work, their benefits, drawbacks, and eligibility so you can decide if "free" solar panels are right for you.

Although free solar panels are rarely a reality, you can use several common adoption methods to install a PV system on your property without upfront costs. In doing so, you can find the ...

Here's the reality: "Free solar" typically means solar with no ...

Wondering if free solar panel programs are legit? Learn what getting "free" solar panels really means and how it might cost you in the long run.

Here's the reality: "Free solar" typically means solar with no upfront cost--not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), ...

Looking to have solar panels installed on your home for free? Learn how federal, state, and local incentives

# Is it appropriate to install photovoltaic panels for free

can pay for all or most of the installation cost.

This guide will walk you through everything there is to know as well as how to get solar panels for free.
