LONGi Green Energy Technology Co. Ltd. or LONGi Group is a major Chinese manufacturers of photovoltaic solar modules and a developer of solar power projects.

Backed by advanced technologies, LONGi solar panels feature excellent power ratings and top conversion efficiencies, and can be used across all market segments. LONGi's field-proven bifacial ...

Founded in 2000 by CEO Li Zhenguo, Longi has steadily grown ...

In early February, European energy solutions provider Energy 3000 reached cooperation agreements with two Chinese photovoltaic (PV) enterprises in succession. LONGi Green Energy ...

LONGi plans to integrate solar power plants with pumped storage in areas that feature significant elevation differences and abundant sunlight, creating an industrial model for using solar.

Vertically Integrated Solar PV Value Chain LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy ...

The project uses LONGi's Hi-MO X10 back contact (BC) modules for the project, achieving 3-dimensional power generation coverage across rooftops and façades. The solar power generated ...

Founded in 2000 by CEO Li Zhenguo, Longi has steadily grown over two decades to become the world's leading supplier of solar PV products and solutions, with one of every four solar ...

LONGi is a world leader in the clean energy transition. We provide a comprehensive suite of solar PV solutions that can optimize a wide range of project applications.

LONGi supports the "Solar for Solar" business model. While creating low-cost clean energy products for the world, the company uses clean energy and green manufacturing practices in its operations ...

Longi Group Solar Power Generation

LONGi had initiated carbon reductions with green supply chain in solar industry to facilitate low carbon economic development and realizations of climate goals. LONGi joined the initiatives of RE100, ...
