Leikos" Portable EL Tester is widely adopted in factory acceptance testing (FAT) for Solar Panel Production Line quality assurance. Compatible with crystalline silicon, thin-film, and next-gen ...

The portable EL tester is designed to detect hidden cracks inside solar panels, ensuring efficient power generation of photovoltaic modules. With a compact design, user-friendly operation, and high ...

If you are looking for complete solar turnkey lines for photovoltaic module manufacturing, Horad will be your reliable PV solar panel line supplier. An EL & VI tester is an electroluminescence and visual ...

PanEL-Spot enables EL Imaging on a range of PV samples, from individual solar cells to full-size commercial panels, and everything in between. See why your cells and panels exhibit low efficiency, ...

The portable EL detector is used to detect the hidden cracks, fragments, virtual welding, black film, broken grid and mixed file and other defects of photovoltaic cell modules.

It can stably and safely supply power to photovoltaic modules, with a visual power display for more assured detection and easier portability. It includes a circuit safety module, support for high-low ...

If you are looking for complete solar turnkey lines for photovoltaic module ...

Our extensive third-party EL testing experience, including the world's largest nighttime EL test, has saved clients hundreds of thousands of dollars through successful warranty and workmanship ...

The ECOLAB EL HR is Ecoprogetti's premier high-resolution electroluminescence tester, equipped with a 6-camera NIR system capable of identifying subtle defects such as micro-cracks and finger ...

The Portable EL Tester LXG50 (3 Pro) by Leikos revolutionizes solar panel inspection with AI defect recognition, 26MP infrared imaging, and wireless WiFi control. Detect micro-cracks, PID, hot spots, ...

Photovoltaic panel el detection price

Discover solar electroluminescence test solutions with EL testers for accurate defect detection. Ideal for panel manufacturing, featuring 24MP imaging and auto-testing.
