This hollow design gives the board an ideal balance of lightweight properties and strength. The design is somewhat similar to corrugated cardboard but made entirely of plastic, ...

Made from 100% recyclable PP material, these boards are lightweight, waterproof, impact-resistant, and reusable, making them an ideal alternative to cardboard and wooden boards.

Discover our PP Hollow Sheet, an exceptionally versatile corrugated board engineered for modern industrial challenges. This twin-wall hollow plastic profile, extruded from high-impact polypropylene, ...

MC PP hollow board is made from plastic Polypropylene (PP) with dimension of 4 ft. by 8 ft and thickness of 15mm. It is fire and water resistant, termite proof and ecofriendly.

Its unique structure of interconnected hollow cells provides strength while keeping the weight low. This makes it ideal for packaging, signage, construction, and more.

Whether you need standard PP hollow sheets, reinforced high-strength panels or window-type ventilation boards, our technical team can help you select the right structure, chamber size, material ...

Solar PV Hollow Board Anti-UV corrugated PP boards for solar panel backing and junction box protection. Withstand PID testing >3000hrs. IEC 61215 compliant.

Discover the revolutionary PP hollow board, offering superior strength, environmental sustainability, and versatile applications. Perfect for packaging, construction, and industrial uses with excellent durability ...

We offer customized sizes and colors for all our hollow plastic boards, ensuring you get exactly what you need for your project. As an ISO 9001 certified factory, we adhere to strict quality standards to deliver ...

Polypropylene Hollow Sheet well known as PP Hollow is a light-weight, non-toxic, waterproof, shockproof,

Pp photovoltaic hollow board

long life, and corrosion preventive material. Compared with cardboard, it has the ...
