-----

SOFAR25~50KTLX-G3 is a transformer-less on grid PV inverter, that converts the direct current of the PV panels to the grid-compliant, three-phase current and feeds into the utility grid.

Here you will find panels, inverters, installation and maintenance - everything you need to build an efficient solar system. We provide professional advice, detailed quotes and expert installation tailored to your needs.

The SOFAR 50KW 50KTL-X-G3 inverter is suitable for medium to large-scale photovoltaic systems, including commercial rooftops, small industrial plants, and community solar projects.

EN 50549, G98/G99, EN 50530 \* All specifications are sub.

25~50KTLX-G3 is a photovoltaic grid-connected inverter designed for household and small industrial and commercial scenarios. In addition to the common monitoring and protection functions with other inverters, it ...

Solfinity sp. z o.o. sp.k. Solar Inverter Series SOFAR 25-50KTLX-G3. Detailed profile including pictures, certification details and manufacturer PDF.

Do you have a question about the SOFAR 50KTLX-G3 and is the answer not in the manual? Provides important notices and instructions for saving the manual. Details copyright information and manual update history. ...

It operates at a maximum efficiency of 98.8% and supports a maximum DC input voltage of 1100 V with a wide MPPT voltage range of 180 to 1000 V. This inverter is equipped with up to 4 MPPTs for increased flexibility ...

Equipped with a number of 4 MPPT and 8 string inputs, the modern technology ensures optimal power generation, even in challenging environmental conditions. Featuring an input voltage range of 620.0-1100.0 V,
