The company offers comprehensive services, including installation, maintenance, and financing, with a strong commitment to supporting solar energy projects in Southeast Asia.

But here's the kicker - 15% of rural households still lack 24/7 grid access. Enter the battery-less inverter, the unexpected hero in this energy transition story.

Learn how Vietnam's commercial projects can select the right solar inverter for rooftop systems. Discover practical tips from thlinksolar.

VEICHI has successfully implemented a residential energy storage project in Ho Chi Minh, Vietnam, featuring the VHS-5K-L01-K inverter and VEICHI VCLB-5K-D01 (5.12kWh Lithium-ion) battery.

It started operating on January 9, 2024. Using a so-called Third Party Ownership/Power Purchase Agreement (TPO/PPA) model for photovoltaic power generation, this project is designed to achieve ...

This all-in-one inverter/charger combines multiple functions, including an inverter, a 40A/60A MPPT solar charger, and a battery charger, to ensure continuous power supply in a compact design.

As a leading off-grid inverter manufacturer in Ho Chi Minh City, Vietnam, we've seen firsthand how hybrid systems blend solar panels, batteries, and smart inverters to deliver 24/7 power.

HIGHWAY SOLAR VIETNAM start-up in C& I solar since 2012. We have always been created value-added by helping Facility Owner to reduce carbon emissions and achieve sustainable development ...

Looking to harness solar energy in Ho Chi Minh City? A 10kW home inverter system offers the perfect balance of efficiency and affordability for Vietnamese households. This guide explains why these ...

Vietnam Ho Chi Minh inverter off-grid module multiple installation

The project used 1,444 high-efficiency solar panels LG 450WP, 2 sets of SMA 110KW grid-tie inverters, and high-quality auxiliary frame system and conductor with over 30 years of durability. The solar ...
